

## On safari

Each week, the children in Class 1 are very fortunate to go 'on safari' around our local environment. Last week they were looking at geographical features, such as hills and valleys. The previous week they picked blackberries, which were then added to an apple and blackberry crumble by Mrs Mack in the kitchen. Thank you to all the parent volunteers whose support makes these experiences possible.

## Honey

Marcus in Year 6 is a keen beekeeper, and with the support of his parents, is producing jars of honey. Marcus' family would like to help raise the school some money through the sale of the jars of honey via our PTA.

The honey is completely raw, having had no heat treatment, straight from the hive into the pot. It is also local to the area, either from Ashdon or Helions Bumstead.

Orders can be placed through the school office at £5 per pot. 10% of all monies raised will be donated to the school.

## Stars of the Week

Last week's stars were:

## Dates for your diary

Cauliflower cards deadline	14/10/2020
Flu immunisations	15/10/2020
PD Day (school closed)	23/10/2020
