

## School Council

The members of our new School Council were announced during our Sharing Assembly.

There are 10 members on our School Council, who along with other children, put themselves forward for the role and had to explain to the rest of their class why they wanted to be on the School Council. The rest of their class then voted on who they wanted to represent them.

The first School Council meeting will happen later this half term with Mr Rance and outcomes from these meetings will be shared with the children, and where appropriate, with parents. Here they are, socially distanced!

## Quad kids

On Thursday last week, the Uttlesford School Sport Partnership visited our school and all 3 classes each took part in different athletics events aimed at their age range.

## Parking reminder

It has been noted that parents have begun parking in the marked yellow zig-zag area at the front of the school, either in the morning or at pick up time. This is not permitted, and is illegal, so we shouldn't see any vehicle there except the school bus.

## Class 1 eggs

Class 1 will soon have some new arrivals join them, as they are currently incubating some quail eggs in the classroom. Watch this space for some more news before half term!

## Face covering

Whilst I know that as a nation we are beginning to ease some of the Covid restrictions, at the present time the Government guidance that the school follows has not changed with regards to wearing face masks. Therefore, please wear these in the school building and we recommend wearing one when you are in close proximity to other parents when picking up / dropping off.

## Stars of the Week

The Stars of the Week last time were:
